

Occupational Health Speaker Series

EHS 668/IOE 837

Bruce Cadwallender

Speaking on

Current Trends in Hospital Safety

Bruce Cadwallender serves as the Director-Safety and Emergency Management for the University of Michigan Hospitals and Health Centers, an academic medical center in Ann Arbor. This program features discussion of current topics of concern in occupational safety, health and environmental sustainability in acute medical care, focusing on examples from experience within the U-M Hospitals and Health Centers.

All interested persons are welcome to attend.
